Portable PA System 500W with Bluetooth,USB,FM and Wireless Microphone c/w Speaker Stand LED Video Lights 3000-5600K Colour Tempreture with Dimmable c/w Litium Battery and Lighting Stand   Feature Hi Color LED Video Light - NEWMARKET features 300 warm white and 300 cool white LEDs that emit up to 3500lm/m, offering ample brightness for professional studio photography. The 300K-5600K enables seamless switching from 3200K tungsten to 5600K daylight, along with a 100% dimming range, and CRI95+ for true to life color reproduction. Ideal for / work life lighting environment for video production, studio photography, interviews, corporate product photos, portrait, live streaming, parties, etc. Adjustable Lighting Height & Angle - Mount the LED panel light onto the 3 section light stand that extends up to 197/205cm, allowing you to position the light at the desired height for optimal illumination. Additionally, the studio light features a 4 swivel bracket that supports 360° rotation, enabling smooth-angle adjustments to seamlessly adapt to your shooting setup, as well as four telescopic boomarms for precise control over the direction and angle of the lighting. Dual Power Options - Power the film light indoors using the included AC power adapter and cable, or enjoy a cordless setup with an NP-FS50 or NP-FS70 Li-ion battery (not included) for outdoor shooting. Premium Aluminium Alloy Build - The sturdy aluminium alloy casing not only ensures a robust and impact-resistant structure, but also effectively accelerates heat dissipation to prevent the light's lifespan, without the need for a noisy cooling fan.
